### **Forward-Looking Statements**

This news release contains "forward-looking statements" as defined by the Private Securities Litigation Reform Act of 1995. Statements relating to guidance, plans, prospects, goals, strategies, future actions, events or performance and other statements which are other than statements of historical fact, including our 2012 Guidance and all statements regarding anticipated growth in our revenue, expected results of operations and integration of any acquisition are forward-looking. To identify these statements look for words like "believes," "expects," "may," "will," "should," "could," "seeks," "intends," "plans," "estimates" or "anticipates" and similar words or phrases. Forward-looking statements necessarily depend on assumptions, data or methods that may be incorrect or imprecise and are subject to risks and uncertainties.

Among the factors that could cause our actual results and future actions to differ materially from those described in forward-looking statements are described in our Securities and Exchange Commission filings, including the "Business" and "Risk Factors" sections in the Company's Annual Report on Form 10-K for the fiscal year ended October 31, 2011, as such Risk Factors may be updated in quarterly filings.

We caution investors that forward-looking statements reflect our analysis only on their stated date. We disclaim any intent to update them except as required by law.
