PROXY STATEMENT
FOR
ANNUAL MEETING OF STOCKHOLDERS
MARCH 26, 2002

Information Regarding Proxies

The accompanying proxy card is solicited by and on behalf of the Board of Directors of The Cooper Companies, Inc. (the "Company") for use at its Annual Meeting of Stockholders to be held on March 26, 2002 at the New York Marriott East Side, 525 Lexington Avenue, New York, NY, at 10:00 a.m., and at any adjournments or postponements thereof. This Proxy Statement and the accompanying proxy card are first being mailed to stockholders on or about February 11, 2002.

When you return a properly executed proxy card in the form enclosed with this Proxy Statement, the shares represented will be voted at the Annual Meeting in accordance with the indicated directions. If a proxy card is properly executed but no directions are indicated, the shares will be voted FOR each of the nominees for director as shown on the form of proxy card and FOR ratification of the appointment of KPMG LLP as independent certified public accountants of the Company. The Board of Directors is not aware of any other business to come before the Annual Meeting. If any other matters should properly come before the Annual Meeting or any adjournments or postponements thereof for which specific authority has not been solicited from the stockholders, then, to the extent permissible by law, the persons voting the proxies will use their discretionary authority to vote in accordance with their best judgment. A stockholder who executes and returns the enclosed proxy card may revoke it at any time prior to its exercise by giving written notice of such revocation to the Secretary of the Company, by executing a subsequently dated proxy card or by voting in person at the Annual Meeting. Attendance at the Annual Meeting by a stockholder who has executed and returned a proxy card does not alone revoke such proxy.

The Company will pay all costs associated with soliciting proxies. In addition to the solicitation of proxies by mail, officers, directors and other employees of the Company, acting on its behalf, may solicit proxies by telephone, facsimile or personal interview. Also, the Company has retained D.F. King & Co., Inc. to aid in the solicitation of proxies, for which the Company will pay a fee of \$11,000 plus reasonable expenses. The Company will, at its expense, request brokers and other custodians, nominees and fiduciaries to forward proxy soliciting material to stockholders of record.

Outstanding Stock and Voting Rights

As of the close of business on February 5, 2002, the record date for the determination of stockholders entitled to notice of and to vote at the Annual Meeting, there were outstanding 15,225,224 shares of the Company's common stock, \$.10 par value per share, each of which is entitled to one vote at the Annual Meeting. Under the Company's By-laws and Delaware law, shares represented by proxies that reflect abstentions or broker non-votes (that is, shares held by a broker or nominee which are represented at the meeting, but with respect to which such broker or nominee is not empowered to vote on a particular proposal) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum. Directors will be elected by the favorable vote of a plurality of the shares of common stock present and entitled to vote, in person or by proxy, at the Annual Meeting. Abstentions as to the election of directors will not affect the election of the candidates receiving a plurality of votes. The proposal to ratify the appointment of the Company's independent certified public accountants requires the approval of the majority of shares present in person or represented by proxy at the Annual Meeting and entitled to vote on such proposal. Abstentions to this proposal will have the same effect as votes against it. Shares represented by proxies that reflect broker non-votes will be treated as not entitled to vote for purposes of determining approval of this proposal and will not have any effect on the outcome of such proposal.

PROPOSAL 1 -- ELECTION OF DIRECTORS

The Company's By-laws provide for no fewer than six and no more than eleven directors, as determined by the Board of Directors, which has fixed the number of directors to be elected at the 2002 Annual Meeting at eight, each of whom will serve until the next Annual Meeting of Stockholders and until his successor is duly elected and qualified. The Board of Directors recommends that each nominee for director described below be elected to serve as a director of the Company. All nominees have consented to be named and have indicated their intention to serve if elected. The Board of Directors does not expect that any nominee will be unavailable for election or unable to serve. If any nominee is not available for election or able to serve as a director, the accompanying proxy will be voted for the election of such other person, if any, as the Board of Directors may designate.

RETIREMENT INCOME PLAN

The Company's Retirement Income Plan was adopted in December 1983. All employees of the Company and certain of its subsidiaries who work at least 1,000 hours per year are covered by the plan. For services performed after December 31, 1988, members are entitled to an annual retirement benefit equal to .6% of base annual compensation up to \$10,000 and 1.2% of base annual compensation which exceeds \$10,000 but is not in excess of the applicable annual maximum compensation permitted to be taken into account under Internal Revenue Service guidelines for each year of service. For service prior to January 1, 1989, members are entitled to an annual retirement benefit equal to .75% of base annual compensation up to the Social Security Wage Base in effect that year and 1.5% of base annual compensation in excess of the Social Security Wage Base for each year of service.

The estimated annual benefits payable under this plan upon retirement (at the normal retirement age of 65) for Messrs. Bender, Weiss, Pichotta, Fryling and Ms. Kaufman are approximately \$23,000, \$60,000, \$40,000, \$62,000 and \$41,000, respectively.

CONTRACTS

The Company, either directly or through one of its subsidiaries, is party to employment agreements with A. Thomas Bender, Robert S. Weiss, Nicholas J. Pichotta, Gregory A. Fryling and Carol R. Kaufman. The agreements with Messrs. Bender, Weiss, Pichotta and Fryling provide that if (i) the Company terminates the employee without Cause or (ii) the employee terminates his employment for Good Reason or following a Change of Control (as each term is defined in the respective agreements), the Company will pay Mr. Bender 200%, Mr. Weiss 150%, Mr. Pichotta 100% and Mr. Fryling 100% of his annual base salary, except that Mr. Weiss' payment would be reduced to 100% if the termination arises out of a Change of Control and Mr. Pichotta's payment could, in certain circumstances, increase to 150% following a Change of Control. In addition, they would receive a pro-rata share of any amounts that would have been payable to each of them under the Company's Incentive Payment Plan. The agreement with Ms. Kaufman provides for her to receive a payment equal

to 100% of her annual base salary in the event that her employment is terminated in the 90 day period following a Change of Control (as defined in the agreement). All of the agreements provide that these employees would continue to participate in the Company's various insurance plans for periods ranging from twelve to twenty-four months.

COMPENSATION OF DIRECTORS

Each director who is not also an employee of the Company (a "Non-Employee Director") receives a stipend of \$22,500 per annum. The Chairman of the Board receives a stipend of \$28,125 per annum. Each Non-Employee Director serving as a chairman of a committee of the Board receives an additional stipend of \$1,000 per annum. Each Non-Employee Director receives meeting fees ranging from \$125 to \$1,000 per meeting, depending on duration, and up to \$1,000 per day for other days substantially spent on affairs of the Company. Directors who are also employees of the Company receive no additional compensation.

In addition, each November the Non-Employee Directors of the Company receive restricted stock having a fair market value (determined according to a formula contained in the 1996 LTIP) of \$7,500 (\$9,375 in the case of a Non-Employee Chairman of the Board) and an option to purchase shares of stock, with an exercise price equal to 100% of the fair market value of the common stock of the Company on the date of grant. The options granted in November 2001 entitled each Non-Employee Director to purchase up to 15,000 shares of the Company's common stock (16,250 shares in the case of the Non-Employee Chairman of the Board). Restrictions will generally not be removed from the restricted stock until its fair market value appreciates 20% from the date of grant or five years have passed; the options generally will not become exercisable until the fair market value of the common stock appreciates 20% from the date of grant or five years have passed.

REPORT OF THE COMPENSATION COMMITTEE

Scope of the Committee; Members

The Company's Compensation and Long Term Incentive Plan Committee (the "Committee") is comprised of three non-employee directors: Messrs. Kalkstein (Chairman) and Press and Dr. Rubenstein.

The charter of the Committee provides that the Committee will review and approve all aspects of the compensation paid to the Company's Chief Executive Officer and the four other most highly paid executive officers, all salaries and salary increases for executives whose annual base salary is \$200,000 or greater and all agreements providing for the payment of benefits following a change of control of the Company or severance following a termination of employment. The charter also calls for the Committee to review and approve the terms of each incentive compensation and bonus program in effect and the aggregate amounts which can be awarded thereunder each year. The members of the Committee also administer the Company's Long Term Incentive Plans.

Executive Compensation for Fiscal 2001

The Committee's philosophy regarding compensation of executive officers emphasizes performance-based compensation and the belief that executives should be compensated at competitive levels that are sufficient to attract and retain highly talented employees.

In keeping with the goal of enhancing the Company's profitability and continuing to build stockholder value, the Company's long-term compensation programs are designed to reward growth in stockholder value, as well as to reward long-term service to the Company. The value of awards under such plans is primarily dependent upon increases in the price of the Company's common stock over a period of up to ten years. Generally, the plans require employees to remain employed by the Company in order to receive their awards.

The level of annual compensation for individual executive officers is based upon a number of factors. The Committee considered a combination of the individual executive officer's performance and the performance of the Company and the individual business that the executive was responsible for, the scope of the executive's responsibility, and the current compensation package in place for that executive. The Committee also considered other published compensation data covering the healthcare industry, and industry in general, to assess whether the salary ranges in place for its executive officers are competitive. Increases in an executive's annual base salary were dependent on their performance, company-wide or a particular subsidiary's financial results and on general levels of wage and price inflation.

In making awards under the 2001 Incentive Payment Plan (the "IPP"), primary consideration was given to the performance of the Company or the subsidiary for which the executive officer worked. Participation levels under the Company's 2001 IPP were set at percentages of base salaries previously assigned to designated positions within the corporate structure, modified to reflect the recommendations of the Company's Chief Executive Officer. IPP awards are paid with respect to each fiscal year when the operating businesses, or the parent company as a consolidated entity (depending upon the executive's employer) meet specified performance targets. In fiscal 2001, performance targets for executives employed by an operating subsidiary were tied to the attainment by that business of specified levels of net revenue, operating income and cash flow. For executives employed by the parent company, performance targets were tied to the attainment of certain levels of consolidated net revenue, net income and cash flow. In addition, a portion of each individual's award was granted on a discretionary basis by his or her division head or the Chief Executive Officer, or in the case of the five most highly paid executive officers, by the Committee, following an assessment of each individual's performance.

Long term incentive awards are made under the Company's LTIP, based on recommendations submitted to the Committee by the Company's Chief Executive Officer or, with respect to awards to the Chief Executive Officer, based on his contribution to the success of the Company, taking into consideration competitive grant levels and total options granted as a percentage of shares outstanding. Each grant is designed to align the interests of the executives with those of the stockholders. In fiscal 2001, awards consisted of grants of stock options having exercise prices equal to 100% of the fair market value of the Company's common stock on the date of grant. The exercisability and future value of these options is directly linked to increases in the price of the Company's common stock, thereby linking long-term compensation to increased stockholder value and continuing service to the Company.

CEO Compensation for Fiscal 2001

Mr. Bender's base salary of \$426,500 represents his salary for serving as the Company's President and CEO and for serving as the President of CooperVision.

Mr. Bender's 2001 bonus consisted of \$285,755 paid under the IPP. Mr. Bender was eligible to participate in the IPP at a level equal to 50% of the \$426,500 salary paid to him in fiscal 2001, with such level subject to increase or decrease depending on achievement of certain specified financial targets. The determination of Mr. Bender's actual IPP payment depended upon both the Company's ability to meet targeted net revenue, net income and cash flow levels and on the Committee's discretion. Based solely on the Company's financial performance, Mr. Bender was entitled to receive a bonus of \$125,818. An additional \$159,937 was awarded to Mr. Bender by the Committee under the discretionary component of the IPP based on its belief that Mr. Bender's performance in fiscal 2001 contributed to the overall growth and improvement in each of the Company's operations.

Tax Considerations

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally provides that publicly held companies may not deduct compensation paid to certain of its top executive officers to the extent such compensation exceeds \$1 million per officer in any year. However, pursuant to regulations issued by the Treasury Department, certain limited exemptions to Section 162(m) apply with respect to "qualified performance-based compensation." The Company's 2001 LTIP was designed to assure that any compensation deemed paid in connection with the exercise of stock options granted under that plan will qualify as performance-based compensation. The Committee intends that awards made under the 2001 LTIP, will be eligible for the performance-based exception, and eligible as a federal income tax deduction for the Company.

REPORT OF THE AUDIT AND FINANCE COMMITTEE

The Audit and Finance Committee (the "Committee") of The Cooper Companies, Inc. is comprised of three independent directors and operates under a written charter adopted by the Board of Directors. The members of the Committee are Messrs. Rosenberg (Chairman), Kalkstein and Dr. Zinberg.

The primary function of the Committee is to provide advice with respect to the Company's financial matters and to assist the Board of Directors in fulfilling its oversight responsibilities regarding finance, accounting, tax and legal compliance. The Committee's primary duties and responsibilities are to:

- a. Periodically assess the integrity of the Company's financial reporting process and systems of internal control regarding accounting.
- b. Periodically assess the independence and performance of the Company's outside auditors.
- c. Provide an avenue of communication among the outside auditors, management and the Board of Directors.

Management is responsible for the Company's internal controls and the financial reporting process. The independent accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The Committee's responsibility is to monitor and oversee these processes.

The Committee held six meetings during fiscal 2001. During five of these meetings, the Committee reviewed and discussed the Company's financial statements with management and KPMG LLP ("KPMG"), its outside auditors.

The Committee reviewed and discussed the audited financial statements of the Company for the fiscal year ended October 31, 2001 with the Company's management and management represented to the Committee that the Company's financial statements were prepared in accordance with Generally Accepted Accounting Principles. The Committee discussed with KPMG matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

The Committee received the written disclosures and the letter from KPMG required by Independence Standards Board Standard No. 1 (Independence Discussion with Audit Committees), and the Committee discussed with KPMG their independence from the Company. It considered the non-audit services provided by KPMG and determined that the services provided are compatible with maintaining KPMG's independence. The total fees paid to KPMG for fiscal 2001 were as follows:

Audit Fees: \$535,000 for professional services rendered for the audit of the company's annual financial statements for the fiscal year ended October 31, 2001 and for the reviews of the financial statements included in the Company's Quarterly Reports on Form 10-Q for the fiscal year, and

All Other Fees: \$544,100, consisting primarily of tax consulting services.

Based on the Committee's discussions with management and the independent accountants and the Committee's review of the representation of management and the report of the independent accountants to the Committee, the Committee recommended to the Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended October 31, 2001 for filing with the Securities and Exchange Commission.
