FOR IMMEDIATE RELEASE

COOPER TO RECEIVE \$50 MILLION CREDIT FACILITY

Pleasanton, Calif., June 2, 1997 - The Cooper Companies, Inc. (NYSE/PE:C00) announced today that it expects to refinance a significant portion of its debt in the near future. It has signed a commitment letter with Key Bank National Association, a commercial lender, to provide a \$50 million senior secured revolving credit facility with a term of five years and interest rates ranging from 0.5% to 2.25% over the London Interbank Offer Rate (LIBOR) depending upon certain financial ratios. The Company intends to use the proceeds to repay approximately \$44 million of debt having interest rates ranging from 8.5% to 12%. The Company anticipates a closing during its fourth fiscal quarter and, at current LIBOR, expects cash savings from a reduction in interest of approximately \$1.2 million per annum going forward, the favorable earnings impact of which will be partially offset by an accounting entry associated with previous debt extinguishment.
